Making an Impact Together Through Volunteer Service

Proud to Participate in Month of Impact

We're honored to be a participating nonprofit organization in United Way of Central Iowa's Month of Impact, a community-wide volunteer initiative that connects volunteers with organizations working to strengthen central Iowa.

Throughout the month, volunteers from local businesses and community groups will support nonprofit organizations like ours through service projects that help advance our mission and expand our impact. Their time, talents, and commitment make a meaningful difference for the individuals and communities we serve.

We're grateful to partner with United Way of Central Iowa and the many volunteers who are helping create positive change across our region. Together, we're building a stronger, more connected community.
