Dear Senator [insert last name]:

My name is [insert your name] and I reside at [insert your address] in [insert your city], Iowa.

I am in [insert grade level] grade at [insert your school]. I am writing you to ask for your consideration in helping facilitate the expansion of high-speed internet in underserved areas of our state by allocating funds to the Empower Rural Iowa Broadband Grant as part of Senate File 390.

When we expand internet access to those who currently don't have it, we provide opportunities for every person in those areas to learn, work, and thrive at home. I don't currently have great access to internet, and I see my fellow classmates suffer beyond my limits. Please help get us the access we need to access a quality education from home. / I feel very grateful to have access to high-speed internet at home and can't imagine what learning from home would be like without it. It's becoming an essential resource, even more so during the pandemic.

I appreciate your help and ask that you please send me a response letting me know if you plan to support and will vote to pass SF390, making internet more accessible to every Iowan. My email address is [insert email address] if that provides a quicker and easier way for you to connect.

Thank you for your time and considering my request.

Sincerely,
